The Tawasenthau this year

In a world torn with misunderstanding, hatred, and strife, there is nothing more important than the preparations a student is given to assume his position in life.

The interval of time he spends at Guilderland is a preparatory course in which most of his goals, ideals, and convictions are set. Failure has often been his sole reward for a sincere effort to succeed. Yet all about him exists the spirit to learn and achieve, prodding him on to realization of his hopes. Here, a student absorbs the qualities of responsibility and respect for his fellow man.

These qualities are gained through all phases of School life, classroom participation, sports, social, and service clubs. All these teach him the importance of cooperation, respect for others, and tolerance. School spirit also plays an important role. The pride a student has in his school is later transferred to pride in his community. School spirit does not spring from the faculty or any one thing or person alone, but is composed of various qualities that each individual offers and gives of himself. Thus, it is in that future success cannot be attributed to any single factor, but to a variety of means.

Therefore we dedicate the accomplishments and growth herein recorded to the dream and promise in our future.

MR. CHARLES J. GIACCIO

Principal's Message

Most everyone at one time or another has had occasion to pull the wool over someone's eyes; each of you knows that with a little effort it isn't difficult to fool other people because others want to believe you. The dangers in overdoing this kind of thing are twofold: it becomes increasingly difficult for others to place any trust in you once they have been hoodwinked and, perhaps the greater danger, of contracting that insidious and self-inflicted disease of fooling yourself.

The point to be remembered is to be honest with yourself. Too often the crosses we have to bear are those of our own making.

Mr. Farnsworth came to Guilderland in 1958. Before this he served as principal of the Canandaigua Senior High School. A graduate of Syracuse University, he holds both his Bachelor's and Master's Degrees from that institution and has continued to do extensive graduate work in Education and School Administration.

Under Mr. Farnsworth's guidance our school system has grown extensively both in physical size and status. Guilderland today is respected as one of the finest school systems in the state and continues to grow.

This year Mr. Farnsworth saw the completion of additions to the schools in the district, the purchase of two additional school sites, and the approval of a new grade school with construction to start in the spring. These are just a few of the many administrative responsibilities that face the "District Superintendent of our Schools".

District Superintendent

MR. ALTON FARNSWORTH

School Board

It has been said that the best Board of Education is sometimes a well-placed paddle. But it is not as simple as that. The school board has a great amount of responsibility. It must ratify all legal proceedings. It has the final authority on setting up the school curriculum, on hiring and firing teachers, and on basic school rules. It is the Board of Education which regulates the policy by which the entire school system is run.

SITTING - Mrs. Marjorie Heller, Mr. John H. Martin, President, Mrs. Virginia Briggs. STANDING - Mr. Ernest L. Bachand, Mr. Burton Carman, Mr. Donald Selee, Mr. Walter Fick, Mr. Emmett Fassett. Missing - Mr. A. Burton Hahn.

Business Manager

Maintenance Supervisor

MR. ROYCE QUITANA

Mr. Quintana, our Maintenance Supervisor, occupies a new position at Guilderland. Mr. Quintana's main responsibility is to coordinate the activities for maintenance at the two secondary schools and the four elementary schools in the Guilderland District. Although in his first year, Mr. Quintana has succeeded in providing G.C.H.S. with the proper upkeep.

MR. RICHARD SHANDS

Mr. Shands, Guilderland's Business Manager, is responsible for all phases of the school's business affairs, from accounting records to purchasing decisions. A graduate of SUNY at Albany, Mr. Shands' capability is greatly appreciated by everyone at G.C.H.S.

High School Principals

PRINCIPAL
Mr. Charles J. Ciaccio

"My country is the world; my countrymen are mankind." William Lloyd Garrison. . . Most of the students find a new friend in Mr. Carlson. His friendliness and sense of humor make him a popular member of the administration.

Mr. Carlson came to G.C.H.S. in 1957 from Wakefield, Massachusetts, where he taught for six years. He taught history and math, and later became chairman of the math department, a position he held from 1958 until 1961. In 1960 he became assistant principal. He supervises attendance, discipline, transportation, maintenance, and adult education. Mr. Carlson received his A.B. and A.M. from Boston University, and his M.Ed. from the University of Massachusetts.

"The mind of the wise man will know the time and the way." Ecclesiastes 8:95. Behind the stern facade presented by our principal lies a warm and sincere heart which explains why he remains a much-respected institution at Guilderland.

Before he became our high school principal in 1960, Mr. Ciaccio was department chairman of the Citizen Education department at Camden Central, Camden, New York, for three years. In 1953, he came to Altamont High School, where he was a social studies teacher and chairman of his department. He became our assistant principal three years later. Mr. Ciaccio received his A.B. from Hobart College and his M.A. from New York University. In order to receive his teacher and administrative certification, Mr. Ciaccio did extensive work at the State University at Albany.

SECOND ROW: Mrs. Bell, Miss Schaible, Mrs. Vrooman, Missing - Mrs. Claus.

Cafeteria

To the ladies who provide us not only with a feast for the stomach, but also a feast for the eyes, we owe a debt of gratitude for supplying us with nourishment to carry us through our strenuous school activities.

KITCHEN CREW

Mrs. C. Greene, Mrs. M. DeCaprio, Mrs. I. Knapp, Mrs. M. Bratt.

"You've got to be kidding!" They wouldn't really serve that for lunch - or would they?! H. Karmo and his lunch table cronies have some questions about the afternoon meal.

"Reading maketh a full man, conference a ready man, and writing an exact man." - Francis Bacon. A working knowledge of the basic fundamentals of the English language and a background of the important classics in English literature enable a person to become more perceptive of the world around him. The goal of the English department is to develop students who are able to write and speak clearly, correctly, and effectively, and who have proficiency in basic reading skills and interest in reading good literature.

Foreign Language

"Speech is civilization itself." - Thomas Mann. With today's increasing contact with the outside world, it has become extremely important that we have a knowledge of languages other than our own. Over half of Guilderland's students take a foreign language during their high school career. Our excellent facilities include an ultra-modern language lab and a large number of foreign books and magazines.

Mathematics

"The mathematician has reached the highest rung on the ladder of civilization." - Havelock Ellis. The teachers in the mathematics department are prepared to teach all levels of math and to satisfy the curiosity of all students. From elementary algebra to calculus, the student is challenged to utilize his powers of reasoning and comprehension. Courses in algebra, geometry, trigonometry, analyticism, and calculus are offered to both math majors and students wishing to learn the fundamentals.

MATHEMATICS DEPARTMENT: Mr. Stimson - SUNY at Albany (MA): Math 9, 10. Mr. Bourdeau - St. Lawrence University (BS): Math 11, Intermediate Algebra, Advanced General Math. Mr. Cohen - SUNY at Albany (BS, MS): Math 9, 10, Assistant Varsity Basketball Coach. Mr. Griffin - St. Michael's College (BA, MA): Math 12, 13, General Math, Freshman Baseball Coach. Science

"There is another way to truth: by the minute examination of facts. That is the way of the scientist: a hard and noble and thankless way." - W. Somerset Maugham. Any biology, chemistry, or physics student who has done the frog lab, the titration labs, or the linear expansion lab will agree that minute examination is an integral part of any science course. But it is not all "thankless" or futile. The science program at Guilderland is changing with the scientific era which we are in. The goal of the science department is to prepare the student for college science courses. And with our progressive teaching methods, Guilderland is far ahead of many schools in the state.

SCIENCE DEPARTMENT: Mr. Dunham - SUNY at Albany (BA), (MA): advanced physical science, chemistry, physics. Mr. Burda - Siena College (BS), (MS), Cornell U. (MST): chemistry, advisor - Ski Club. Miss Dodge - Middlebury College (BS), (MS), Syracuse U. (MA): biology, science 10, advisor - Red Cross. Mr. Erwin - Syracuse U. (AB), (MA): physics. "Business? It's quite simple. It's other people's money." - Alexander Dumas. Other people's money is the least of the worries of the business education students. The typing, business math, office practice, business law, stenograph, bookkeeping, and distributive education courses keep them busy enough so that handling money is second nature to them. Class room studies are also supplemented by on the job training. This makes it possible to understand the fundamentals of business methods as well as business theory. The goal of the business department is to impart knowledge to a person which will prepare him for a future vocation.

"As the sun colors flowers, so does art color life." - Samuel Taylor Coleridge. Through all types of media, the art department develops and stimulates the students' creative talent. Various fields of study are offered to the serious art student, along with the excellent facilities of the new art rooms. In the expanded area and with the improved equipment available in the new art complex, students experiment with the magic of charcoal, water colors, and oil paints for example. The cultural contributions of this department are truly noteworthy.

"Health is the vital principle of bliss, and exercise of health." - James Thomson. The gym classes at G. C. H. The girls' gym classes get their exercise by playing soccer and field hockey; they relax on the traveling rings; and they "let their hair down" and express themselves in the Modern Dance program. The boys get their exercise and have their hair pulled out at the same time in Mr. Wyld's "wyld" games. The goal of the physical education department is to develop healthy bodies and to promote sportsmanship.

"Show me the books he loves, and I shall know the man." - Silas W. Mitchell. Our recently expanded library contains almost 11,000 volumes. More than ever, a good background in literature is necessary in our competitive world. Miss Ropke has always been willing to aid us in our search for reference materials. Although she maintains strict rules concerning silence and student behavior in the library, most pupils realize the need for a peaceful atmosphere to assure productive research and serious study. Miss Ropke is responsible for encouraging many rather "lackadaisical" students to take a greater interest in the great literary works which our spacious library contains.

The Junior Class

The members of this year's Junior Class proved themselves able leaders in promoting school spirit and furthering the growth of G.C.H.S. A special class project sent dolls dressed by Junior girls to needy children in the area. The annual magazine drive was also a huge success, netting over seven hundred dollars profit.

The Junior Prom, for which class members prepared enthusiastically, was the highlight of social activity. "Saturnella" was a Roman ball, complete with pillars and a fountain flooded with colored lights. A new idea was instituted with the receiving line of class officers and administrators present at the prom.

Juniors also contributed academically to G.C.H.S. as they aided in sending a member of their class abroad under the auspices of the American Field Service. The Junior Class now looks forward to a successful and rewarding senior year at Guilderland.

The Sophomore Class

Under the capable guidance of Mr. Kampfer, the class of 1967 has become the most prosperous Sophomore Class on record. In a two-week period, the three hundred twenty-five Sophomores raised over twelve hundred dollars by selling more than a ton of candy, expanding the class treasury to fifteen hundred dollars. Monetary prizes and basketball game tickets were awarded to those selling the most candy.

All the money "sophs" earned this year, and will earn next year, will be used to pay for yearbooks, the Junior Prom, Senior Ball, senior banquet, caps and gowns for graduation, and the all-night party, instituted by their own advisor.

The Sophomores are looking forward to their Junior year with plans for a record-breaking magazine drive, the possibility of a spring candy sale, and a fabulous Junior Prom.

Coach Field's baseball team had a highly successful season in 1964. The team compiled an 18-3 win-loss record. Led by co-captains Arnie Skogstrand and Denny Empie, the team took second in Suburban Council and second in Section II. With many men returning, Coach Field looks forward to another successful season.

Track - 1964

The Dutchmen had a fine season in 1964. Led by co-captains Dick Patterson and John Spring, the team provided many exciting afternoons on the home track.

Several veterans returned to set new marks. Dick Patterson smashed the previous records in the mile and the 2 mile. John Spring broke the 2 minute barrier for the half mile, while Barry Egnell and Dick Tarullo set records in discus and shot-put. Dick Patterson, John Spring, and Barry Egnell placed first in the sectionals and went on to the State Meet.

The squad was a contrast of strong and weak points. Coach Roach looks forward to a strong squad returning for a better season.

The Guilderland harriers compiled another spectacular record this year. The veteran distance men closed the season with a record of 32 wins and 12 losses in combination dual and invitational meet competition, defeating such teams as Mohonasen, Schalmont, Columbia, Niskayuna, Ravena, C.B.A., Onterora, New Hartford, Lansingburgh, Gloversville, and Albany High School.

One of the highlights of the season was the first annual marathon race sponsored by the G.C.H.S. Key Club. Dave Van Heusen finished the 25 mile marathon course first with a time of 2 hrs. 30 min. Tom Lamme and Bob Trendell tied for second with a time of 2 hours 45 minutes. According to United Press International News Service, this is the longest race ever run by a high school team in U.S. history.

The soccer team at GCHS has completed its first varsity season. Although not very successful percentage-wise, Coach Snyder's team received experience that will be valuable in the varsity circuit next year.

Outstanding seniors Henno Karmo, Roger Karker, Tom Grogan, and Dave Burt will leave their posts to veterans Bob Schmuck, Tod Conklin, Bruce Maki, Dave Campisi and many others. With depth and experience the roundball booters look to a more successful record next season.

The Varsity Football Team ended the season with a 3-4-1 record. Although this is not an outstanding record, the team illustrated the perfect example of coordination and sportsmanship.

The games played included victories over Columbia, Shaker, and a strong Colonie, and a tie with mighty Mohonasen. Our team was led by Jim Johnson with a total of 107 points accompanied by captain Dick DeBenedetti, fullback Paul Tymchyn, and tackle Dick Tarullo. Together with other seniors and promising juniors and sophomores, the grid team ended the season with impressive achievements.

The 5-13 varsity record does not give a true picture of the 1965 season. A series of costly injuries and close scores did not help the win-loss percentage.

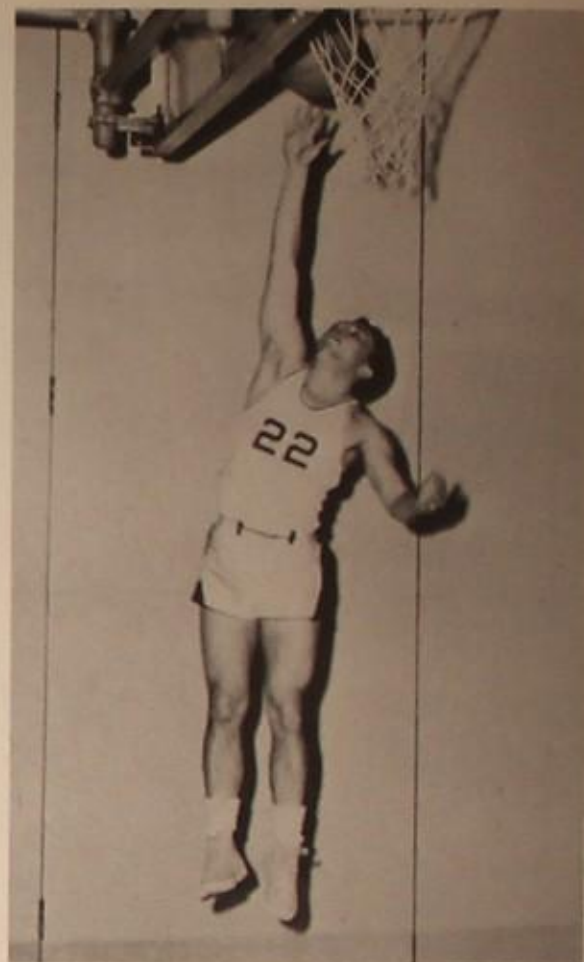

Transfer Dave Vink provided the points and helped to pull GC out of many dangerous situations. Rebounds were controlled by Dick Chamberlain and Bill Burke, while the plays were made by Captain Tom Grogan and Bob Currie.

With only four members of the squad graduating, Coach Hutson will have experienced men to work with next year. Coach looks forward to a more successful varsity team next season.

Coach Wyld's team rose to unprecedented heights for sports at GCHS. The matmen won three trophies, placed first in two tournaments, participated in two tournaments over Christmas vacation, and took the Suburban Council crown.

With eight champions, the grapplers won the Albany Academy Invitational Tournament. The Suburban Council Tournament trophy was captured with three individual firsts.

An excellent 11-1 dual meet record merited the team with the Suburban Council dual meet trophy. Among the meet wins was a victory over Mont Pleasant, who previously had not been beaten in 21 dual meets.

Sweat, blood, and sacrifice was the price of victory. Coach Wyld and his team should be commended for their fine effort.

Without the combined efforts of the Yearbook Staff, assisted by Mr. Arthur Jewell, it would have been impossible to edit this year's Tawasenthon. The anxiety we felt as the deadline drew near; the long hours of planning and work; the tears and the laughter; now have their reward in the finished product of this book. It is our belief that this diary of the school year is the best yearbook yet.

Journal

This year the Journal under the advisement of Mrs. Rothstein and Mr. Kline has adopted several new techniques. In an effort to raise the standards of the paper, writers have been advised to adhere to a more precise journalistic style. New equipment has allowed us to print the Journal at school, instead of sending it out to be printed, as has previously been the practice. This year's newspaper represents a wider range of student curriculum. College preparatory students write the articles, business students do typing and organization, industrial arts students do the printing and the entire student body reads the resulting work. The areas reported on have increased, new feature columns have been added; the result is a more progressive paper than ever.

Vicky Cruz A.F.S. Student From Colombia

Vicky arrived at Guilderland anxious to learn and eager to help. Since her arrival she has made many friends and become an integral part of the school by starting a Spanish Club and participating actively in Sceptre Service. Her friendly smile and sincere ways have won a place in the hearts of us all.

Our friendly "amigo" came from Bogota, the capital of Colombia, to live with the Kent family. At her Colombian home she lives with her father who is a doctor, her mother who is an architect, and a younger sister. Her personality has made her able to fit in easily with the academic and social life of the American teenager. The following shows how she has fit in:

"One year in the U. S. !! One year full of surprises, experiences, fun and work, and sharing my life with my North American family, my school, and my community. During this time, I have gotten to know the U.S. and I have learned to love and respect it and its people. I have learned about its problems and its hopes. This knowledge is what I am going to take back to my country and to the Colombians.

My first contact with the life here is my family - a wonderful family. School was a little confusing at the beginning: running from classroom to classroom; my knowledge of English being so limited; arriving late to every place . . . just tremendous!! But, there were all the students and teachers to help me and give me friendship. With them I got used to the routine and from them I learned still more about the North Americans.

I truly can't find words to express my happiness and luck to belong to this community. I found in it so much interest and generosity. Their attitudes towards the foreign students is wonderful. These students are going to be the citizens of the world of tomorrow and whatever their concept of the U.S. is, is going to be important. This concept is the addition of all their experiences in their community, school, and family. Through the foreign students, many people become interested in other cultures, thus broadening their lives and interests.

I came bringing friendship from my country to yours and trying to bring Colombia a little nearer to you. When I leave I hope to bring the U.S. a little closer to Colombia in friendship.

Now, when I think of the U.S. as my country, I feel love and gratitude towards its people, but especially to all those who lived around me; my family, my teachers, and my many friends.

I hope that for them, from now on, these three names will mean friendship and love: COLOMBIA, AFS, and VICKY.

THANK YOU TO YOU ALL!!!

And how those Latins can play!

Vicky teaches Ed Bruhn how to one-two-cha-cha-cha.

Guilderland's Janee Kent in Sweden

In the spring of her junior year, Janee Kent was chosen to represent our school abroad. We have all heard our cheery ambassador speak of the many wonderful experiences she had while abroad. We have asked Janee to present a permanent record of the trip that each of us shared with her in spirit.

"To my friends, the students:

Sweden, "The Land of the Orange Horse" now holds a dear place in my heart, thanks to you. Last summer I traveled under the auspices of European Center to Goteborg, Sweden, where I stayed with the Ingvar Lundh family.

"I was immediately accepted warmly into my Swedish family. It was made up of Mr. Lundh who was head of the Goteborg taxis, Mrs. Lundh, and Agneta. My sister, Agneta, and I spent the days watching the fishing boats come into the harbor, cooking Swedish "sockerkockan," hiking through the hills behind Goteborg, and exchanging bits of English and Swedish.

"The Swedish way of life is very peaceful and contented. They are a jovial, hard working people, who love flowers and music, and are always willing to extend a warm hand of hospitality. The people, in general, are ambitious and well-off. Many of their necessities are tax supported, including the church and hospital. Medical care is at very little or no charge above the annual tax.

"In Goteborg, the fishing center of Sweden, fish is the main part of the meal. Meals range from raw herring to shark steak with fish eyes as a garnish - a garnish that you eat! Blood pudding is another favorite. Cheese, potatoes, and bread are standard at every meal. The last food of the day is "The Seven Cakes Meal," in which each person must participate. Here seven cakes are served to each person, and if they are not eaten, they must be put in a pocket and eaten later.

"I spent a shorter time in Munchen, Germany, with the Willi Kleemaier family. From there I took trips to other European cities. Each stop brought new people, new experiences, and new knowledge.

"For me, it was the most rewarding experience of my life. I will always keep a wonderful memory of my Swedish family, the people I met, the things I saw, and you for sending me.

Tack Sa Mycket

(Swedish - Thank you extremely much)

"A rose by any other name . . ."

Janee points to Sweden, where she was our ambassador last summer.

Student Council

The Student Council strives to give us, the students, the best possible atmosphere in which to prepare for the future. Composed of homeroom representatives and officers elected by the student body, the organization maintains a suggestion box for the benefit of all interested students. Funds for the A. F. S. program are provided by the treasury, which was augmented by the proceeds of the Foreign Student Dance, and the school play, "Harvey". We owe the return of our cafeteria record player, and the apple machine to Student Council, as well as the addition of more buses to the eighth period schedule. These accomplishments resulted from suggestions made by members of the student body.

National Honor Society

The Senior National Honor Society members are chosen on the basis of high academic standing and personal citizenship. Each year new members are inducted at a March banquet. The goals of the organization are to further its ideals of character, scholarship, leadership and service. To earn funds for a trip to the New York State World's Fair a car wash and the traditional Beatnik Dance were held. Membership in this organization is the highest honor which the school accords its students for outstanding scholastic achievement. These are truly students for Guilderland to be proud of.

Ski Club

This organization under the guidance of Mr. Burda has been proven ever popular in the past two years. The number of students in the group shows the wide acceptance and enthusiasm for the club.

Skiing is fast becoming the world's favorite sport; this is true in G.C.H.S. at any rate. During the winter Ski Club sponsored numerous ski trips to some of the most fashionable ski resorts in our area - all proving great fun and pleasure for everyone involved.

Ski Club also held bake sales and sold ski patches to increase their treasury; a very ambitious group they deserve a nice acclamation for their efforts and for increasing the scope of entertainment at Guilderland.

Draggin' Dutchmen

Although newly formed the Draggin' Dutchmen are not lacking in spirit. With Mr. Vickery as advisor this club provides a place for boys to build and race model cars. They sponsored their first annual model car contest with the winner's models being exhibited in the main lobby. For their own use they have built a scale quarter mile wide drag strip. Their industrious efforts have been admired by the entire student body.

Concert Band

This year's concert band has brought new heights of glory to our alma mater. Under the able direction of Mr. Gresens the band played at the New York State World's Fair, the opening of Whitney's Department Store at Stuyvesant Plaza, and the Suburban Council band day. They also fostered school spirit by playing at the football games. A newly formed Parents Association has encouraged community support and worked hard to secure the funds necessary for the trip to New York City. Our band is a credit to the community, a credit to the school, and a credit to each of us.

Dutchaires

A traditional group at Guilderland now has a name! The dance band has been named the "Dutchaires." Aside from their usual activities such as playing at the music department's concerts, they entertain at Kiwanis meetings in Altamont. The Parents Association used the Dutchaires for their card party and fashion show.

Dutch Masters

The Dutchmasters have been formed to fill a definite void in Guilderland's music life. The concert band has always been too large to play at some school functions, and the specialized music of the Dutchaires was often unsuitable. The Dutchmasters are volunteers who play at basketball games and are a welcome addition to our school life.

Under the competent direction of Mr. Richard Wagner Guilderland's Concert Choir has gained the reputation as one of the area's better choirs. They sing traditionally at the National Savings Bank in Albany during the Christmas season. Besides singing at the regular school musical presentations, the choir gives a special performance on Palm Sunday when they sing an appropriate piece. This year they presented Handel's Messiah.

The group's officers, elected by the members, were Mary Jane Rau, president; Sue Tardiff, vice-president; Diane Shearer, treasurer; and Linda Kramer, secretary. It is no wonder that any member of an elementary or junior high glee club can scarcely wait for the day when he can be a member of the "red-robed choir."

scope of appreciation.

The orchestra, under the able direction of Mr. Richard Wagner, has had a marvelous year. It performed for the public at three concerts. One of the highlights of the concerts was their presentation of "The Sound of Music."

The students who are in the orchestra are dedicated musicians, for orchestra takes much of their time. Full rehearsals are held during the eighth period on Tuesday, while sectional rehearsals for the strings and woodwinds are held during seventh period on Monday and Wednesday.

The high musical attainments of this group are truly to be appreciated by our school.

Arabian Nights

On May 9, 1964, the Junior Class held their annual Prom in the aura of beauty and glamour of the Arabian Nights. Mary De Groff was general chairman of this spectacular event. Mary Deveno led the decoration committee in transforming the gym into a wonderland of the Far East. Huge murals from the 1001 Arabian Nights and forests of palm trees surrounded the dance floor. A miraculous palace served as backdrop for the coronation.

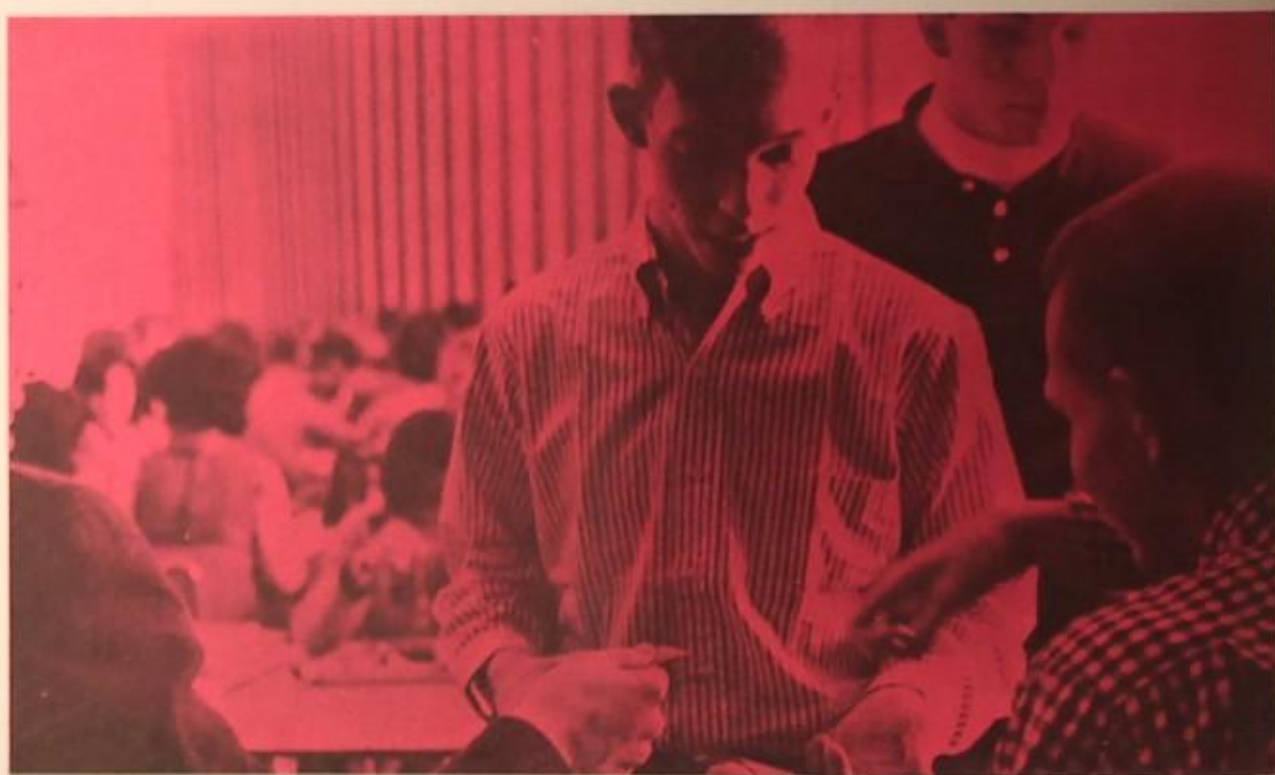

The Class of '65 will long remember the festivity and romance of their Junior Prom, but they will also remember the long hours of work and co-operation involved, as well as the aid of their adviser, Mr. Bernhoft, and their artistic aid, Mr. Krauss.

Our King and Queen begin their reign with majestic flourish.

Girls... **see us for a good job now!**

Want a good job after graduation? We have a variety of interesting positions to choose from. One is bound to suit you to a "T." Starting salaries are good — with increases at frequent intervals. There's plenty of opportunity for you to advance to even better, more responsible positions, too. You work with girls just like yourself—friendly girls with similar backgrounds and interests. And you'll find working conditions very pleasant.

There's no need to wait until after graduation to apply. If you're a senior, we want to talk to you *now!* Come in and see us at:

The fulfillment of the future is as footsteps of the sun upon the hills, which any cloud can silently erase. Yet the future, as the sun, is always present. The steppings of the sun renew as dark clouds pass; so fulfillment, though unsteady, is unchanged.
